AUDITORS' REPORT

To the Trustees of
**The Board of Education for the
City of Hamilton**

We have audited the balance sheet of **The Board of Education for the City of Hamilton** as at December 31, 1994 and the Revenue Fund Statement of Operations, the Capital Fund Statement of Operations and the Reserve Fund Statement of Continuity for the year then ended. These financial statements are the responsibility of the school board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Board as at December 31, 1994 and the results of its operations and the changes in its reserve funds for the year then ended in accordance with the accounting principles described in note 1 to the financial statements.

THE BOARD OF EDUCATION FOR THE CITY OF HAMILTON
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1994

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared by the Board using accounting principles that are prescribed by the Ministry of Education and Training and are considered appropriate for Ontario School Boards. These principles are in accordance with generally accepted accounting principles except as follows:

(a) Accrual Accounting

Revenue and expenditure are accounted for on the accrual basis of accounting, with the following exceptions:

- (i) No provision is made for interest on unmatured debenture debt from the date of payment to the year end.
- (ii) No provision is made to record the liability for retirement and/or sick leave benefits accruing over the working lives of employees.

(b) Capital Assets

Capital assets are charged to current expenditure unless financed by long-term debt. Principal and interest charges on net long-term liabilities are included as expenditures in the period due. Capital assets, described as Capital Outlay to be Recovered in Future Years, are included on the Balance Sheet only to the extent of the balance of the related net long-term liabilities outstanding and of the related temporary financing at the year end.

(c) Reserves and Reserve Funds

Reserves and Reserve Funds represent funds appropriated for general and specific purposes and are charged or credited to Revenue Fund Operations in the year appropriated or drawn down. The amounts in Reserves and Reserve Funds are approved by the Board and are within the limits defined in *The Education Act*.

(d) Under/Over Requisition of Taxes

The difference between the net expenditures of any year and the amounts received to finance these expenditures is carried forward to the subsequent year to either increase or reduce the net revenue requirement from ratepayers.

(e) Supplementary Taxes

Supplementary taxes are deferred in the year received and recorded as revenue in the following year.

2. RETIREMENT GRATUITIES PLANS

Employees may become entitled to cash payments when they leave the employment of the Board for purposes of retirement providing they meet the prescribed age or service requirements. Retirement gratuities of \$3,302,000 were paid in 1994, (1993 - \$2,088,000). An amount of \$4,853,000 (1993 - \$6,290,000) is provided by way of a reserve fund which has been funded in accordance with a 1987 Actuarial Report. The amount of the total liability in respect of employees who meet the vesting requirements of the plans at the end of 1994 is \$35,337,000, (1993 - \$37,991,000). Notwithstanding the use of reserve funds, recognition for General Legislative Grants purposes continues to be made in respect of the actual amounts paid to employees.

3. NET LONG-TERM LIABILITIES

The net long-term liabilities consist of debentures which have a retractable feature, exercisable on specific dates only, at the option of the debenture holders. Of the net long-term liabilities outstanding of \$15,340,000, principal amounting to \$3,545,000 plus interest amount to \$8,554,000 is payable over the next five years as follows:

	Principal	Interest	Total
1995	\$ 732,000	\$ 1,697,000	\$ 2,429,000
1996	715,000	1,695,000	2,410,000
1997	717,000	1,719,000	2,436,000
1998	696,000	1,722,000	2,418,000
1999	685,000	1,721,000	2,406,000
TOTAL	\$ 3,545,000	\$ 8,554,000	\$ 12,099,000

4. DEBT CHARGES

The Revenue Fund expenditure for debt charges includes principal and interest payments as follows:

Principal payments on long-term liabilities	\$ 619,000
Interest payments on long-term liabilities	<u>\$ 1,643,000</u>
	<u>\$ 2,262,000</u>

5. PENSION PLAN COSTS

All non-teaching employees of the Board are eligible to be members of the Ontario Municipal Employees Retirement System which is a multi-employer final average pay contributory plan. Employer contributions made to the plan during the year by the Board amounted to \$2,368,000, (1993 - \$2,338,000). Those amounts have been included in the Revenue Fund Statement of Operations.

Not shown in the financial statements of the Board are the employer's contributions to the Teachers' Pension Plan. The funding for such is provided directly by the Provincial Government.

6. ONTARIO SCHOOL BOARD INSURANCE EXCHANGE

The Board is a member of the Ontario School Board Insurance Exchange (OSBIE), a reciprocal insurance company licensed under the Insurance Act. OSBIE insures general public liability, property damage and certain other risks. The membership period is for five years, ending December 31, 1996.

NOTES TO FINANCIAL STATEMENTS

7. LEASE COMMITMENTS

The Board currently leases telephone and computer equipment under long-term leases expiring at various dates up to December 1998. The total obligation under existing leases amount to approximately \$4,686,000. Over the next four years the minimum annual payments required under the leases are:

1995	\$ 2,225,000
1996	1,491,000
1997	794,000
1998	<u>176,000</u>
TOTAL	<u>\$ 4,686,000</u>

8. ONTARIO FINANCING AUTHORITY

The Board, the Government of Ontario and the Ontario Financing Authority (OFA) have entered into an agreement whereby certain capital assets are funded by loan advances from the OFA. During the year, the Board received loans totalling \$1,146,000 which have been recorded in the Revenue Fund Statement of Operations.

Effective March 31, 1994 the loans advanced from April 1, 1993 to March 31, 1994 together with accrued interest, were converted into a debenture payable to the OFA. The debenture is unsecured, bears interest at 8.77% and is repayable in semi-annual installments over a twenty year period.

The agreement provides that the Government of Ontario will give annual grants equal to the principal and interest installments required by the debenture. The agreement specifies that the obligation to repay the debenture principal and interest is conditional upon the Board receiving the grants from the Government of Ontario.

As the Board has no obligation to make the semi-annual principal and interest payments unless the grants are received from the Government of Ontario, the debenture liability is not shown in these financial statements.

9. SOCIAL CONTRACT

The Social Contract Act requires that the Board reduce expenditures by a specified amount in the years 1993 through 1996. Grants will be reduced by a corresponding amount each year. For 1994, the social contract amount is \$5,543,000, (1993 - \$1,955,000) and this amount is reflected in the financial statements.

10. REVENUE FROM OTHER SCHOOL BOARDS

Under *The Education Act*, the Board is qualified to charge other school boards a high cost factor for students who take certain programs. As is their right under the Act, two school boards have elected resolution through arbitration, the outcome of which is not determinable at this time.

11. COMPARATIVE FIGURES

Certain comparative figures on the financial statements have been adjusted to conform with the presentation adopted for the current year.
